

Adding a Sunsmart Widget

Take away the guesswork by adding the free SunSmart widget to your school website. The widget shows the sun protection times for your location in Australia, making it easier than ever to be smart about your sun exposure all year.

The SunSmart widget can be added to your site by following a few simple steps:

- Go to this web address:
<https://www.sunsmart.com.au/resources/uv-widget>
- Fill in the details and click submit.
